

WHY CHOOSE US

We stand by our philosophy of excellent service and delivery at its peak; else pride ourselves in providing outstanding expertise, professionalism and customer service.

Rich Experience

We boasts a rich portfolio of working with local and international organizations. We have been involved in highly challenging projects in Kenya and recently penetrating the rest of East Africa Region, being at the forefront in providing innovative and best practices and solutions to suit customer needs.

- » 1x 90L refrigerator

Battery Specifications	
Capacity	12.8V/12AH,
Type	LFP(Lithium Iron Phosphate)
Lifespan	1500 charge cycles
Charging Time	4-5 hours under 5000w/m2
Working Time	Run 29 hrs for 3 lamps

Battery Specifications	
Capacity	12.8V 18000mAh
Type	LFP(Lithium Iron Phosphate)
Lifespan	after 2000 times at 0.2C 80%
Charging Time	4-5 hours under 5000w/m2
Working Time	Run 29 hrs for 3 lamps

Battery Specifications	
Capacity	12.8V 48AH
Type	LFP(Lithium Iron Phosphate)
Lifespan	after 2000 times at 0.2C 80%
Charging Time	4-5 hours under 5000w/m2
Working Time	Run 58 hrs for 3 lamps
